67. A Successful Farmer.
The man who makes the farm pay
is a busy man, but there are some
things he does not let his busy life
prevent attending to.

68. He is never too busy to keep up with
his work. The way he accomplishes
so much is to have everything in se-
quence. He is never too busy to plan out
his work, days, weeks and months
ahead.

69. He finds time to keep up with mod-
ern methods and discoveries, and is a
deep student of those sciences which
apply to his business.

70. He finds time to attend the meet-
ings of farmers and listen to the papers,
discussions and lectures given for his
benefit.

71. He finds time to attend the poultry,
cattle and horse shows, and local fairs
and expositions where agricultural and
kindred vocations are given attention.

72. He is never too busy to see that his
stock is rightly treated. His horses
are carefully groomed after the day's
work, and his hogs and cows are never
without an abundance of pure, fresh
water.

73. He is never too busy to take care of
his farm machinery as soon as through
using it for the season, painting and
oiling all exposed parts.

74. He finds time for repairing all the
farm buildings as soon as they need it,
and never neglects needed repairs.

75. He finds time to cut all the weeds in
the fence corners and other nooks
about the farm and does not allow the
road bordering his farm to grow weeds
and ripen seeds to seed his farm.

76. He finds time to work his garden,
cultivate his orchard and care for the
shrubs and trees about his farm.

77. He finds time to build and keep up
a neat little lawn with choice beds of
flowers and ornamental shrubbery.

78. He is not a slave to the soil, but
finds time to mix with society and do
his duty in social, political and religious
affairs.

79. He is never so busy that he can't
spend a few minutes dressing up before
going into town or to a neighbor's.
He knows nothing is lost by dressing
as a gentleman.

80. He finds time for a little vacation
occasionally with his faithful wife, for
his attention to details has made his
farm a paying institution, and he can
afford it.

81. In his old age he has time to rest
from his labors and enjoy the satisfac-
tion of knowing that he has earned
his reward and has been a benefit to
his fellow men by the lesson his farm
has been to his neighbors.—J. L. I., in
Journal of Agriculture.

WEDNESDAY, JAN. 16.

Congress is now acting but there will be a reaction later on.

John G. Fee, a noted abolitionist and founder of Berea College, is dead.

The first issue of Mr. Bryan's paper will appear Wednesday January 23.

It is stated that Hon. David B. Hill, of New York, is an avowed candidate for the Presidency in 1904.

S. D. Stokes, who shot and killed Rev. J. J. Whel, at Williamson, W. Va., has been indicted for murder.

President McKinley was quite sick several days of last week—confined to his bed. He is now much better.

The Indiana Legislature wants to raise the Governor's salary from \$5,000 to \$8,000 per year. The Mount should have been advanced before the election.

Last Saturday Representative Boring spoke in favor of an amendment he will offer for an appropriation of \$100,000, for the upper Cumberland river.

James Denton, the Somerset lawyer, knocked the pessimism. The President has ordered that the foreclosed bill be Collector of Internal Revenue for the 8th Kentucky district.

Gen. John B. Gordon announces that the next meeting of the United Confederate Veterans will be held in Memphis, Tenn., beginning May 28, and will continue three days.

From the reading of the last issue of the Burkville Herald we conclude that Cumberland county is slightly in favor of sending the next Representative from this Legislative district.

Frank James, the noted bandit, is a candidate for a position before the Missouri Legislature. The senators of that State have no idea of bringing disgrace upon their heads by electing such a man.

Congress has unaccounted the army as it were. No liquor nor beer shall interfere, though congressmen drink as they please. Thus closes this episode and the country should be at ease.

The authorities at Louisville are getting after the gamblers with a "hot stick" and are determined to break up the dens in that city. An ordinance has also been passed closing all immoral Sunday theaters.

Mr. Fulton Gordon, who figured in a domestic tragedy in the city of Louisville a few years ago, killing his wife and Arsh Brown, son of John Young Brown, was married in Cincinnati last week to Miss Blanche Manday, of Idlewild, O. The mother of Gordon's first wife was a native of Columbia, a daughter of Judge Monroe, who was a lawyer of wide reputation.

Theodore Hallam has been disbarred from the practice of law in the Kentucky Circuit Court. When a lawyer denounces the courts as he has done we believe disbarment is the proper medicine.

Judge Jas. H. Hazlett has resigned from the Court of Appeals. Judge Thomas H. Payton, heinous Chief Justice, he will hold one year and then give way to Judge Guffey, who will also serve a year.

Dr. John Mason Williams, the defeated Republican candidate for Congress in the Eighth district, and contestant for Mr. Gilbert's seat, was knocked down Saturday night in the lobby of Ruler's Hotel, Louisville, by Curtis Dearing.

The People's National Bank at Livingston, Tenn., was entered last Thursday and the safe blown open. It is not known the amount of money secured. The bank officers of Columbia were notified to be on their guard.

The Democratic electors for the State of Kentucky met in the office of the Secretary of State, Frankfort, last Monday. The vote of the State was certified to Bryan, and Mr. Robert O'Fallon, of Louisville, is to bear the message to Washington.

Mr. John S. Carpenter, a prominent citizen of Louisville, a brother of James S. Carpenter, General Agent of the Connecticut Mutual Life Insurance Company, died last Thursday night, aged 77 years. He was a native of Bardonia, but had lived in Louisville over fifty years.

Last Friday Mr. John G. Carlisle, made what was considered the strongest argument before the Supreme Court in the Porto Rico cases. Mr. Carlisle appeared for the plaintiff to recover taxes paid this government. He argued that the Island was a part of the United States and became so under the ratification treaty.

The House by a majority of 63 knocked out the committee Report on the bill and passed the Burleigh bill, which adds 20 members to the House making the total membership after March 3, 1903, 385, the additional members being apportioned to 18 States, on a ratio of 194,182 of population for each Representative.

Gov. Beckham signed Judge J. H. Tinsley's certificate of election last week and that gentleman was sworn in as Circuit Judge of the Twenty-Seventh district. Some attorneys took the position that as Gov. Beckham failed to issue a call for the election it was not legal. The Governor decided that the point was not well taken.

Judge James Denton, of Somerset, has been nominated by the President for Collector of the Eight district. The Senate will confirm the nomination and Judge Denton will enter at once upon the duties of the office. He is a gentleman who stands high with his party and it is generally conceded that he will make a good officer.

Senator Teller presented a petition to Congress last week for the Independence of the Philippines, signed by 2,000 of the peaceful inhabitants of the islands, including lawyers, bankers and professional men. It was a strong appeal and recited the many grievances, but of Watson, attended the Zerbaugh-Pelly wedding.

Last Wednesday evening at 5 o'clock Mr. P. H. Zerbaugh was married to Miss Susan Pelly at the home of the bride, Eld. John Rice, of Watson, officiating. Mr. Zerbaugh is a fine business man and has many noble traits of character. Miss Pelly is the beautiful and accomplished daughter of Mr. J. H. Pelly and will be missed very much by the young society people. Mr. and Mrs. Zerbaugh leaves this week for Indiana their future home.

Solicitor General Richards made an open slur at ex-President Harrison, in his argument before the Supreme Court last week on the case involving the constitutional-ity of Mr. McKinley's Colonial policy, that disgusted many per-

sons. Mr. Harrison is a private citizen who has held the highest position within the gift of the American people, and is entitled to respect, and it certainly was not respectful for Mr. Richards to refer to Mr. Harrison's recently expressed opinion in opposition to the McKinley policy in such language as "a distinguished lawyer and statesman affects to believe", etc. It was a gratuitous insult to Mr. Harrison, which shows how resentful the McKinleyites are toward members of their own party who dare to oppose their imperial policy. It is not probable that Mr. Richards acted without the approval of his superiors in office, Attorney General Griggs and Mr. McKinley.

At a meeting of the officers of the Louisville & Nashville Railroad, held in New York, last week, a dividend of 2 1/2 per cent. was declared out of the earnings for the past six months, putting the stock on a five per cent. basis. While much of the stock of the Louisville & Nashville, is owned abroad, a great deal is held in Kentucky, especially in the city of Louisville, and the earnings of the road is very gratifying to the stockholders. They have always held that under the management of Mr. Milton H. Smith their investments were in safe hands, and the rise in stock proves that their faith was well founded. Mr. Smith's subordinates are all accurate business men, and no road is conducted in a more gratifying manner. Mr. E. H. Ringgold, who is chief clerk at Louisville office, has been with the company for many years, and is one among the corporations trusted men. Some years ago he visited Columbia and spent several days with relatives, and is kindly remembered by some of our citizens.

Small-pox exists at Somerset.

A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, M. Menstruation, Painful and Dizzy Spells, when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherry, of Peterson, Ia., and a lame back pained me so I could not dress myself, but Electric Bitters quickly cured me, and, although 23 years old, I now am able to do all my housework." It overcomes Constipation, improves Appetite, gives perfect health. Only 50c at T. E. Paul's drug store.

Headaches and dizziness are quickly cured by Morley's Little Liver Pills for Bilious People. They arouse the Torpid Liver, work off the Bile and cure Constipation. One a Day. Sold by

HORRIBLE DEATH.

The Residence of Frank Irvin Burness, Himself Consumed by the Flames.

CHENANGO, KY., JAN. 12, 1901.

The most shocking accident that has ever happened to sadden the hearts of our citizens occurred last night, between seven and eight o'clock, at the residence of uncle Frank Irvin, being destroyed by fire. The unfortunate old man, his daughter-in-law, Mrs. H. S. Irvin, and an old dairyman, when it was known that the house was on fire the feeble old man was rescued safely out of the burning building, by his daughter-in-law, but in the excitement that followed the old man was lost sight of. It is thought that he remembered something of value that was in his trunk upstairs and in trying to save it, was overcome by the heat and smoke, and fell near the place where his trunk was standing. A search was made in the lower part of the building, but the upper story, all the rooms, could not be reached, and the life of the oldest and most respected citizen of our county. Every body is in sympathy with the bereaved family.

T. D. HIGGINSBOROUGH.

Death of Dr. Stone.

Dr. William Davis Stone, of Liberty, Ky., went quietly to rest January 7, 1901, after a hard battle with life.

Dr. Stone was born in Adair county, Ky., Oct. 11, 1827, where he grew to manhood, studied medicine and began his practice. In 1852 he came to Liberty where he resided until his death, excepting during the time he served in the war of '61, as an assistant surgeon.

In 1854, Jan. 1st, he married Miss Lucy Hatclaw, who with his two sons, Will and Joshua, survive him.

Early in life he was converted and joined the Methodist church at Breeding, Adair county, Ky., where his membership remained. Dr. Stone was a true Christian man, an upright and pure, with no denominational feeling, with fixed purposes and principles, he lived what he professed. His son, Joshua, was called home from Washington City some ten days before his death and remained with him to the end. His remains were carried to Rustonville, and after brief services by Eld. J. Q. Montgomery, were buried by the Masonic Fraternity, many being present. Another good man is laid to rest, and his family and ours mourn his loss but not without hope.

ITEMS OF LOCAL INTEREST.

Editor News—If you will give me space in your valuable paper I will submit to you a few items from Anna, Texas.

The small-pox scare has abated somewhat. Some few new cases in the city.

Mr. B. R. Rowe, of Russell county, Kentucky, is in Anna, and is talking of making Texas his future home.

Mr. Wolby Candiff, who has been confined with the small-pox, is out again and returned to his school Monday.

Dr. M. C. Moore, our new blacksmith is a hustler, as all his patrons know. He is a native of Adair county, and has only been here four or five months.

A good deal of locating a bank in Anna. Every good citizen should encourage this move, as Anna can well afford a bank.

B. R. Rowe, Dr. M. C. Moore, B. B. Harris and Curtis Wolford attended school at the residence of J. F. Holders, five miles from Anna, and all reported as having a nice time.

Mr. Q. C. Pace, a traveling man who resides at Lebanon, did some fast riding in Missouri county last Thursday night. He was making his way from Glasgow, his former home, to Edmonson. When in two miles of the latter place, when he was standing on the roadside, said: "Hold up there! I want to see you at the same time scratched at the ligaments. 'Not on your life! I stop here.' said Mr. Pace, and putting the whip to his horse he was soon in Edmonson safe and sound but somewhat excited. The people of Edmonson think the foot-pat was a drunken man returning home from town, but Mr. Pace says he is satisfied from the manner of the man and the tone of his voice that he meant to rob him. Mr. Pace had no weapon and attributes his escape to the swiftness of his horse.

The people of Russell county are again discussing the advisability of building a pike from Columbia to Cumberland river. A meeting was called for last Monday to be held at Jamestown, at which time the advantages of a pike to both counties were doubtless discussed. This enterprise should be pushed, but it will require more than "chat" to build twenty miles of pike. The way to get something matter in tangible shape, is for an organization to be formed, to set, stating what they will give. Farms along the line could do much of the work with their teams, and would probably donate much of their time, but it will require a great deal of money. How much will you give?

There is scarcely a town in Kentucky the size of Columbia but has its lights lighted at night. It would not seem a great deal of money to have so many lights in front of each church building and four upon the square, one at the beginning of each street leading out of town. We can furnish it all, which, in our judgment, would furnish sufficient light. We hope the noble municipal board will take the matter under consideration.

Married.

Mr. H. K. Pickett, of Honey Grove, was married last Wednesday the 9th at 7 o'clock, to Miss Sallie Nell, at the residence of Mrs. Charlotte Patterson, Rev. W. B. Thornton officiating.

The wedding was very quiet, only a few friends being present.

The groom is a son of Hon. Wm. Pickett, of Adair county, Kentucky, well known to most all the Kentuckians here. He is an honest, upright gentleman.

The bride is well known here, and is one of the very best women here, and is a refining nature, but one of the purest and best of her sex.

This marriage takes on a little of the romance, as the couple had not seen each other for nineteen years, until the day of their marriage. But they were children together, and were sweethearts when they were very young. A correspondence had been kept up for a long time, and the constancy of a lover's heart has consumed a union for life.

May God's richest blessings be upon their lives.—Moody (Tex.) Courier.

Flas Baker, a young married man who is in the mercantile business at Ammandville, and who is well-known in Columbia, was carried to Cincinnati last week by reason of his being unable to be treated for insanity. It had been known several weeks, but his wife and friends thought he would recover his mind; but last week he became unmanageable, and for his good the conclusion was reached to place him in a private sanitarium, hoping that his health might be restored. He is a very excellent citizen and his many friends are greatly grieved over his unfortunate condition.

In last week's issue of The News we stated that Mr. Geo. Coffey, about the report was without foundation. His horse slipped the bridge while hitched to a bugle at Mr. W. H. Gill's and left there in a trap—keeping until he reached Wilson's mill where the buggy struck a log and the cross bar was broken and the statement as to the breaking of the buggy and the gait the horse was being corroborated by Mr. Wilson's son. Our information was correct, but the statement of last week, but we cheerfully give the above as a retraction of the same, it coming from eye witnesses.

Mr. M. G. Leachman, of Washington county, who is interested in advancing agricultural work throughout the State, will be in Columbia next week for the purpose of organizing a Farmers' Club. He will address the farmers at the court-house at 1 o'clock in the afternoon and it is hoped a large crowd will hear him. Clubs are being organized all over the State, and judging from reports we have read, the interest of the farmer is being rapidly advanced. Clubs are for mutual benefit, and no farmer should hesitate. The cost is but a trifle.

Mr. J. R. Conner, who was a student in C. C. College twenty-six years ago, and who was reared in Green county, just over the Adair line, visited Columbia the first of the week. Since taking his departure from this place he has been connected with telegraph companies and railroad companies, the greater portion of his time, and he is now in the office and making inquiries concerning many of his old schoolmates. From Columbia he visited his home Green and from there he will visit Bowling Green and thence the west.

The prayer meetings held each evening throughout last week were not only well attended, but were ably assisted with a dignified feeling. All the ministers and many laymen of the county took part in the exercises, and many fervent talks were made. Differences in doctrine will continue to exist in the world, but the true Christian spirit is established when all the churches come together in religious union for the betterment of mankind. We love to hear of these social gatherings, believing that they bring about great good.

A large plate placed at one of the show-stands at Russell & Murrell's store received another break last Saturday night. While it is not known how the break occurred it is reasonable to suppose that some one was pushed against it. Colored men and boys congregated on the corner after the break occurred, and the accident evidently happened while engaged in the above named sport. These glasses are large and about sixty dollars each, and buyers should find some other place to engage in sport.

The following gentlemen composed the Board of Supervisors: J. H. Polley, S. H. Murrell, H. C. Walker, H. B. Garrett, W. B. Butler. The board had a great many witnesses before it, and the lists of quite a number of tax-payers were raised. In District No. 11, the tax-payers of the county were from one to four hundred were raised; district No. 12, including Polyp and Bell, and some were in the list. In the other districts of the county there were from one to three. Very few lists in the county were lowered.

Dr. W. D. Stone, who died at Liberty, Ky., was a son of a son of Adair county, and we are correctly informed that he died at the residence of his father, who died many years ago, and Stephen Stone, who removed to this place, and who was the brother of James Stone, another brother, resides in Adair county at this time. Doctor Stone was seventy years old and left a fair estate.

PAID SUBSCRIBERS SINCE OUR LAST ISSUE.

Paid subscribers since our last issue: L. F. Holladay, W. H. Condit, S. R. Price, Sam T. Lester, Fannie Griffith, Percy Stanton, Levi Brubaker, W. G. Montgomery, T. J. Parry, Fred Robertson, M. E. Perhaps some of the older citizens of Adair county remember Dr. Thomas B. Johnston. He was born in this county in 1817, and died at Memphis, Tenn., December 20, 1900. He was a brother of Mr. S. D. Johnston, a former citizen of Columbia, who has been residing in Louisville for about forty years. S. D. Johnston is the only surviving member of the family and he is old and quite feeble.

The following births and deaths occurred in Adair county from the 15th of Sept. 1899 to Sept. 15, 1900: Births—White males, 16; white females, 17; black males, 15; black females, 10. Total, 58. Deaths—White males, 53; white females, 75; black males, 9; black females, 15. Total, 149. The above interesting figures were handed us by Mr. G. A. Bradshaw, the efficient Assessor of Adair county.

Small-pox is prevalent in many towns in Kentucky and every precaution should be taken to prevent the breaking out of the disease here. The Board of Health is the sole authority and management of epidemic diseases. The local board is acting under the State Board and under Statutory provisions. The board here has repeatedly urged every body to become vaccinated and the notification should be heeded.

The meeting at the Presbyterian church commenced last Monday night. Mr. Shive is a strong preacher and large congregations hear him nightly. It is not known how long the meeting will be in progress, but probably ten days or two weeks. It is hoped that all denominations will attend and assist in the good work. Religion, practical, and to the ungodly we say make up your mind to change your way of living and act at once.

Mr. A. W. Paxton, a young farmer of Green county, who was married this (Wednesday) forenoon at 1 o'clock to Miss Nora Price, daughter of Mr. T. R. Price, who lives a few miles from Columbia, the sites were announced at the residence of the bride's father, quite a number of relatives and friends being present. The groom is said to be a scholar, popular and industrious young man. The bride is one of Adair's most estimable young women. The couple will reside in Green county.

ESTO.

Prof. Huffaker began his school at this place last Monday, with twenty-seven scholars in attendance.

Mr. Larue McKinley recently moved to his new dwelling near Mr. Pleasant church.

Miss Cora Reynolds, of Adair county, is attending school here.

Mr. R. L. Stearns has purchased a very valuable in Somerset and will leave in a few days to take possession of his new home.

Mr. and Mrs. Jas. Grider, of Texas, are visiting relatives and friends in this neighborhood.

Mr. Ru. Stone has moved to Mr. W. C. Grider's farm, on Reynolds creek.

Revs. Cade and Breeding are holding a very interesting meeting at Liberty church.

Miss Ermine Lapsley has moved to Pulaski county to teach a subscription school.

Mr. L. E. Hayes, Montpelier, is attending school here.

Mr. W. C. Grider will leave for Texas in a few days to visit friends and relatives.

Miss Zula Coner, Rowena, is attending school at this place.

Rev. F. Grider, College Hill, is visiting relatives in this locality.

The hour of officiating in the marriage of Mr. William Dugan and Miss Viola Baugh, of Jamestown, was conferred upon Rev. Goodman, this place.

IRVIN'S STORE.

Prof. J. W. Mitchell will leave in a few days for Bowling Green, for the purpose of taking a business course.

Mr. H. Mc. Beath bought property near Steubenville, Wayne county, and has removed to that place. Mr. Mc. Beath was a good neighbor and we regretted his leaving this vicinity.

Miss Alverda Harris visited her sister, near Springfield, last week.

Gyverett Harris and Prof. J. W. Mitchell, were in Montpelier Friday.

Dr. R. W. Harris has removed from the place and located near Steubenville.

The new telephone line from Duaneville to Glasgow, via Irvin's Store and Pottsville, is quite a help to this community.

Mr. F. W. Harris sold one milk cow to D. S. Hughes for a fair price.

The goose trial which was in progress at Jamestown a few days ago was in favor of the plaintiff.

Irvin's Store.

The name of Buckner's Arctica Salve, the best in the world, extends round the earth. It's the use perfect healer of Cuts, Corns, Burns, Blisters, Sores, Scalds, Boils, Ulcers, Pimples, Aches, Pains and all skin eruptions. Only in the Pile Cure. See a box at E. Paul.

Dr. W. D. Stone, who died at Liberty, Ky., was a son of a son of Adair county, and we are correctly informed that he died at the residence of his father, who died many years ago, and Stephen Stone, who removed to this place, and who was the brother of James Stone, another brother, resides in Adair county at this time. Doctor Stone was seventy years old and left a fair estate.

One Hundred Years Ago.
One hundred years ago a man could not take a ride on a steamboat.
He could not go from Washington to New York in a few hours.
He had never heard of a Pullman palace porter.
He had never seen an electric light or dreamed of an electric car.
He could not make a cake of ice as big as a lump of sugar.
He could not hook himself under an electric fan or warm himself at a steam radiator.
He could not send a telegram.
He could not talk through the telephone, and he had never heard of the telephone.
He had never seen a shirt waist or a runny-day skirt.
He could not ride a bicycle.
He could not call in a stenographer and dictate a letter.
He had never received a type-written communication.
No matter how grave a crime he committed, he never could be electrocuted for it.
He had never heard of the germ theory or worried habili before.
He never looked pleasant before a photographer or had his picture taken.
He wouldn't have known a complex lens from a gin Rickey.
He had never heard of Neptune and Ceres.
He could not measure the distance between the stars.
He knew nothing of the chemical composition of the stars.
He had heard of oxygen, but would not have understood an allusion to liquid air.
He had never heard of the molecular constitution of matter, or the conservation of energy, and did not know that he was decimated from a monkey.
He could not predict a rain or announce the coming of a cold wave or a cyclone.
He was aware that there was such a thing as electricity, but looked upon it as a germ.
He never heard a phonograph talk or saw a kinesiograph turn out a prize fight.
He never saw through a Webster's Unabridged Dictionary with the aid of a Roentgen ray.
He had never taken a ride in an elevator.
He had never imagined such a thing as a type-setting machine or a type-writer.
He had never used anything but a wooden plow.
He had never seen his wife using a sewing machine.
He had never struck a match on his pants or on any thing else.
He had never lured up against a gas-pipe.
He had never seen a searchlight or drunk a cocktail.
He couldn't take an anesthetic and have his leg cut off without feeling it.
He knew nothing of geology because geology knew nothing of itself.
He had never visited a free library.
He had never purchased a ten-cent magazine which would have been regarded as a miracle of art.
He could not buy a paper for a nickel and learn everything that had happened the day before all over the world.
He had never seen a McCormack reaper, or a self-binding harvester.
He had never crossed an iron bridge or traveled in a public omnibus.
He had never sailed through the Suez canal.
He had never used a deadly explosive or tried smokeless powder.
In short there were several things he could not do and several things he did not know.—Memphis Commercial Appeal.

Sore and swollen joints, sharp shooting, torturing muscles, no rest, no sleep. That means rheumatism. It is a stubborn disease. To fight Chamberlain's Pain-Exer has conquered it thousands of times. It will do so whenever the opportunity is offered. Try it. One application relieves the pain. Sold by M. Craven.

William Burton, of Oldham county, committed suicide by taking a large dose of morphine and sixty grains of quinine.

Any cough is serious enough to warrant prompt attention. It is what it may result in that makes a cough dangerous. For all and stubborn coughs, for gripple, lung fever, bronchitis, asthma and other throat and lung affections, you can find no other remedy so agreeable and harmless, or so promptly effective as Morley's Cough Remedy. Price 25 cents. Ask your druggist.

Heads' Been In Town for Forty Years.
Does it stand to reason that a man who has committed no crime would live in Allen county for forty years without ever being at the county seat? Perhaps not, but such is true of Alvin Mahaney, of Paulson, who came to Scottsville on Monday before Christmas for the first time in forty years.
The Courier-Journal correspondent sought an interview, and when questioned Mr. Mahaney readily consented to speak of himself, and among other things said:
"I was born in Allen county seventy-one years ago. Exactly forty years ago to-day I was in Scottsville, and although I have been out of the county but once since, I have not seen the town from that day to this. I brought my grandchildren here to-day for the purpose of making a few purchases, and by some means the information has reached the people that I have lived within ten miles of the town for forty years without ever being here, and I have excited considerable curiosity, answered numerous questions and received more attention than has been shown me during the course of my three scores and ten years upon the earth. I have looked the town over and can find nothing that appears familiar. Scottsville then was a struggling village with little to commend it, but the town has grown wonderfully and destroyed all visible signs of former identity. However, I could not discuss modern civilization, as I am distinctly a thing apart from everything pertaining to the growth and development of the country. I have only seen one railroad train during my life and it was passing through Simpson county at the rate of forty miles an hour. I have no idea of the construction of a steamboat and have not the slightest conception of a printing press. I was never inside a court of justice but once and that was when I applied for a license to marry. I was never a member of the grand or petit jury, never arrested or sued and was never, as I now remember, served with a subpoena to give testimony in any case of litigation."

IN MEMORY OF NELLIE.
The little daughter of Mr. and Mrs. Walter Armstrong:
All of Creelsboro and adjoining neighborhoods were saddened by her death which occurred last Sunday night week at 12 o'clock. She had been ill for several weeks, but under that terrible disease, typhoid fever, her young life was soon won away, leaving to her many relatives and friends only her lifeless remains and a most sacred memory of her gentleness of ways, her meekness of spirit, her kindness of heart and her purity of life, that will ever be an assurance to them, that when she passed into that restful home of the soul. She leaves a little sister who will miss her, and the grief-stricken father, mother and relatives have the sympathy of their host of friends here. The remains were interred in the Campbell graveyard.
Sleep on, dear Nellie,
Sleep at rest,
God called thee home
When He thought best.

Beat out of an Increase of His Pension.
A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Cough, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '41 and '42, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension on every renewal of a dose of Chamberlain's Pain-Exer has conquered it thousands of times. It will do so whenever the opportunity is offered. Try it. One application relieves the pain. Sold by M. Craven."

James Carney, employed in a saw-mill at Pineville, was caught in the machinery and both arms were torn off. He will die.

The Mother's Favorite.
Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drugs and may be given as confidently to a child as to an adult. For sale by M. Craven.

Let's Not Revolute.
Governor Fingree of Michigan allows his temperance to carry him to unwarranted extremes when, in his farewell message to the Michigan State Legislature, he predicts that unless "the present system of inequality" obtaining in American Government is changed, "in less than a quarter of a century there will be a bloody revolution in this great country of ours."
There is not the remotest danger of a bloody revolution in this country if sane Americanism continues to prevail to overcome a certain tendency toward anarchy inherited from European conditions which are nonexistent in the United States. Certain evils exist, there is no denying. The Republican party has surrendered itself to the domination of the trusts and the syndicates, and there is too much of legislation for the benefit of the few at the sacrifice of the many. But it is the many who still rule in this country and who have the power at any time to overthrow a party which betrays the people.
And this overthrowing is to be done at the polls, not on the battlefields of civil war. Please keep this fact in mind, good Americans. Hysterical appeals for a resort to arms, pessimistic prophecies of popular uprisings accompanied by bloodshed and the downfall of law and order, may be all right and proper in certain oppressed countries of the Old World, but they are not right and proper in this great and free country of ours. We are a self-governing people; our government from the beginning has been in our own hands; it is in our own hands to-day, and it will remain in our own hands just as long as we perform our full political duties. There's not the single necessity—not to take up a weapon and kill somebody, but simply to vote and work for good popular government.

The Fingree prophecy of impending revolution will not be credited by well-balanced American thinkers. There is no "oppression" in this country but can be speedily terminated at the polls. There is no need to "revolute" about anything. Just keep a good grip on your American common sense, do your duty as a citizen and a voter, and the country is safe.—St. Louis Republic.

Almost Blind.
Mr. D. Kessing, Bannock, Ky., says: My little four year old girl's eyes were so weak from birth that she could not stand any light at all. Was treated by several physicians without benefit. My neighbors persuaded me to buy Morley's Sarsaparilla and Iron from Mr. O. Daugherty, Bannock, Ky. Three bottles not only restored her sight, but made her stronger and healthier than she ever was in her life. Sold by agent in every town.

In most particulars the new century so far as it has progressed is very much like the old one. Many of the good resolutions made with the dawning of the new one have already been broken. Still, if some people keep good for only a day it is something gained.

Old People Made Young.
J. C. Sherman, the veteran editor of the Vermontville (Mich.) Echo, has discovered the remarkable secret of keeping old people young. For years he has avoided Nervousness, Sleeplessness, Indigestion, Heart trouble, Constipation and Rheumatism, by using Electric Bitters, and he writes: "It can't be praised too highly. It gently stimulates the kidneys, tones the stomach, aids digestion, and gives a splendid appetite. It has worked wonders for my wife and me. It's a marvelous remedy for old people's complaints." Only 50c at T. E. Paul's drug store.

Fifty thousand dollars in gold was distributed by the American Express Company among its employees as Christmas remembrances. Every man who has been in the employ of the company for a year received a \$5 gold piece on Christmas eve.

A Prominent Chicago Woman Speaks.
Prof. Rosa Tyler, of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by M. Craven.

New Orleans has placed a loan of \$12,000,000 in New York at a little over 1.04. The money is to be used for sewers, etc.

His Wife Saved Him.
My wife's good advice saved my life writes F. M. Ross, of Winfield, Tenn. For I had such a bad cough I could hardly breathe, I steadily grew weaker under doctor's treatment, but my wife urged me to use Dr. King's New Discovery for Consumption, which completely cured me." Coughs, colds, Bronchitis, Grippe, Pneumonia, Asthma, Hay Fever and all maladies of Chest, Throat and Lungs are positively cured by this marvelous medicine. 50c and \$1.00. Every bottle guaranteed. Trial bottles free at T. E. Paul's drug store.

Age does not wither the efforts of Miss Susan B. Anthony in behalf of equal rights for the sexes. She has begun the new year and the new century with a fight against taxation without representation. As the frosts of eighty-one winters whiten the locks of the distinguished crusader, she can scarcely hope to live to see her life-work for women—the granting of the right of equal political rights with men—crowned with complete success.

Made Young Again.
"One of Dr. King's New Life Pills each night for two weeks has put me in my 'teens' again" writes D. H. Turner of Danversport, Pa. They're the best in the world for Liver, Stomach and Bowels. Purely vegetable. Never gripe. Only 50c at T. E. Paul's drug store.

Nellie Morris, aged eighteen years, was violently assaulted at Hackney, Ohio, by Walter Weinstock. He attacked the girl with a razor, and in the struggle which followed, she was frightfully cut on the face, neck, arms and hands. The girl will die.

Buckton's Arnica Salve.
Has world-wide fame for marvelous cures. It surpasses any other salve, ointment or balm for Cuts, Burns, Boils, Sores, Felons, Ulcers, Tetter, Itch, Rheum, Fever Sores, Chapped Hands, Skin Eruptions, infallible for Piles. Cure guaranteed. Only 50c at T. E. Paul's.

Mrs. America Bayton Rogers, of Robertson county, was burned to death last week. She attempted to carry a pan of burning grease from the stove out the kitchen door. Her clothing was ignited and she died in excruciating agony.

A Woman's Weakness.
Woman's sensitiveness makes them subject to more intense weariness than men. The melancholy, depression and exhaustion they suffer is due to sluggish action of their organs, which loads the system with impurities, poisons the blood and shatters their nerves. Morley's Sarsaparilla and Iron will cleanse the system, revitalize the nerves and give strength and energy. Sold by agent in every town.

C. C. Becker, a merchant of Lancaster, went to his cash drawer to open it. He accidentally exploded a revolver lying in the drawer and the bullet passed through his hip near the abdomen. His condition is serious.

In Williams county, Ohio, Wayne Crowell and Charles Gann were killed by being struck by a train. Mrs. Canan, on being notified of the accident, died from the shock.
